

Transfer of Ownership

To transfer your interest in a property to another person or company, you will need to provide us with a copy of the recorded deed, assignment, Bill of Sale, or other legal instrument used to convey the interest to the new owner.

Conveyance documents must be filed of record in the county or counties where the wells are located. Please ensure that the conveyance instrument specifies the legal description and the decimal interest of the property to be conveyed. If you do not have the specific property description, the unit description for the property may be used in its place.

In addition, you should provide, if possible, the name, address, telephone number and Social Security or Tax Identification number of each new owner.

Please send the necessary documents and information to:
